

EVDS Disclaimer

Welcome to the world wide web site of Electronic Data Delivery System (EVDS). Access to or the use of this web site constitutes consent to the below statements.

This world wide web site shall not contain any guarantees of EVDS on any subject to anyone. Information published in this site and obtained from the web service may be quoted by specific reference.

Although the information on this web site has been compiled with utmost care, CBRT shall neither assume liability for the timeliness, accuracy and completeness of any information on this site nor shall accept any responsibility or obligation for any direct or indirect damage resulting from the use of information on the web site or for the impossibility to have access to the site. Users may use the frequency conversions and formula options, on their own initiative. The use of these features for some data may require expertise. Users are strongly advised to seek relevant counselling before relying upon the information available on the web site.

EVDS reserves the right to change the design and the content of the information included in this web site, without prior notice.

This web site contains information, provided from the EVDS's own resources as well as information gathered from other resources, and therefore copyright and any other rights in the contents are owned by CBRT. Information in other web sites, which may be linked through this web site, is published by the owners of those web sites, and accordingly, CBRT does not assume any liability in connection therewith.

Opinions expressed on this site are those of the authors and not officially CBRT's.

This web site is protected by laws of the Republic of Turkey. All kinds of external intervention, aiming to cause damage, to the site or to the transmission of any data, information or to any code is prohibited.

This system and related equipment are subject to oversight and monitoring. Users should note that information concerning them are accessible and if necessary may be submitted to authorities.
